Dear Mr. Morrissette,

Thanks for your letter and your new address.

It will surprise me if you get any answer at all from Specter.

Until he seeks to raise political money again. Then his staff uses ever letter and every address. Including me and mine!

My delay in listening to the tape comes from being into too much with too many medical appointments for each of us and my inability to find our tape recorder that I've not used in years.

While it was probably mislaid, we also had a furnace ~~xxxxxxx~~ blowback. The insurance company provided a professional cleaning crew. A few others things we also have not been able to find.

Thanks and best wishes,

Harold Weisberg
